## BEFORE YOU START CHANTING

- Bath or Wash your hands and feet. You must be clean!
- Always face East when chanting.
- Devote yourself completely to Lord Sudarshana and feel the protection and love of the Universe.
- Look at a picture of Lord Sudarshana or look up at the sun in the sky and when chanting.
- It must be initiated on birth(nakshatra) days and Ekadashi tithi days.
- If you can't chant it everyday, you can do it on Saturdays and Wednesdays,
- Chant this mantra for at least 40 Days and 108 times a day (you can chant 216 324 times or even more), and use meditation mala with 108 beads made of tulsi or clear quartz crystals to help you to count.
- Tulsi and Lotus flowers can be used to offer to Lord Sudarshana.
- Let thoughts pass you by, do not dwell on the past or future; concentrate on your mantra; and count the repetitions.
